What is MakerHacks?

MakerHacks is a **free hardware** and **robotics** hackathon featuring a revolutionary robotics challenge within the hackathon. Teams will design, create and iterate their prototypes with our onsite maker space, utilizing provided components and CADed parts to develop their own robots.

About MakerHacks

Our mission with MakerHacks is to provide free STEM education to high school students, with a focus in hardware. We're the **largest high school hardware hackathon in the world** and one of the most impactful events here in the Bay Area.

Why sponsor us?

Sponsoring MakerHacks places your organization in front of the next generation of engineers, developers, entrepreneurs, and technical leaders before they enter college and industry. By supporting MakerHacks, sponsors gain visibility among ambitious students, mentors, and industry professionals while investing directly in the future talent pipeline of the industry.

Hack Club, a 501(c)(3) nonprofit organization, is the official fiscal sponsor of MakerHacks. All contributions to MakerHacks are tax-deductible.
